Direct Credits (including your pay)

Direct Credits are useful for Members who receive a regular salary, rent, pension or other income (e.g. dividends). But did you know that Direct Credits can also be used for 'one-off' payments and can come from other people, not just from organisations? Either way, you can ask your employer, the relevant organisation, or another person to arrange to have the funds automatically deposited to your First Option account as a 'Direct Credit'.

To authorise the transfer of funds (from your employer, other organisation or another person) to your First Option account, just provide First Option's BSB number: 802-876 followed by your Membership number and the Surname on your First Option account.

(For more information, refer to the Product Profile titled 'Direct Credits').

Direct Debits

Direct debits from your First Option accounts are an easy way to pay many of your bills automatically (e.g. gas, water, electricity, telephone). You will need to authorise the relevant organisation to debit your account when the bill is due to be paid. To arrange authorisation, give the relevant organisation the following details: Financial institution: First Option Bank Ltd, BSB number: 802-876 and your Account number, which is your Member number.

SMS Banking

This is a fee free service that enables you to request account balance and transaction information quickly and easily, simply by sending an SMS to a dedicated number. (This is a separate service to PhoneLink). To register, use IB or contact our Member Service Team.

How to apply for access services

These services are available by simply contacting our friendly Member Service Team on 1300 855 675 or email to info@firstoption.com.au. Members can also apply online using the Access Services Application.
